**ORDER SUSPENDING SCHEDULE**

This order suspends the previous order in this docket that sequenced the filing of applications for certificates of convenience and necessity (CCNs) for the subsequent projects established in Docket No. 35665<sup>1</sup> for the competitive renewable energy zones (CREZs).

On January 15, 2010, the 200<sup>th</sup> Judicial District Court of Travis County, Texas reversed and remanded the Commission's decision in Docket No. 35665. The Commission established Docket No. 37902, *Remand of Docket No. 35665 (Commission Staff's Petition for Selection of Entities Responsible for Transmission Improvements Necessary to Deliver Renewable Energy from Competitive Renewable-Energy Zones)* to address the Court's remand.

The Commission notes that, pursuant to the remand, the record evidence regarding the selection of the transmission service providers (TSPs) for the CREZ subsequent projects will be reevaluated without delay. However, the schedule previously set in this docket is no longer practical. Therefore, the Commission orders that the schedule for filing CCNs for the subsequent projects is hereby suspended until the assignment of TSPs is decided in Docket No. 37902. At that time, a new filing schedule for these projects will be established.
