**ORDER NO. 3
DISMISSING APPLICATION**

On October 8, 2014, Jade Energy, LLC (Applicant) filed an application with the Public Utility Commission of Texas for an amendment to its Retail Electric Provider (REP) Certificate No. 10222.¹ The proposed amendment was to reflect changes in ownership and control, technical/managerial, and financial qualifications.

On October 31, 2014, Commission Staff filed a recommendation stating that the application appeared to have been filed without the necessary authorization. Additionally, Commission Staff determined that the application was financially and technically deficient and does not meet the requirements of P.U.C. SUBST. R. 25.107. Commission Staff recommended the application be dismissed.

On November 7, 2014, the ALJ issued Order No. 2, allowing the applicant a two-week opportunity to cure the deficiencies. On November 13 and 20, 2014, the applicant filed additional information, however, Commission Staff commented, on December 2, 2014, that the application remains deficient because it does not meet the financial, technical and managerial requirements of P.U.C. SUBST. 25.107 (f)(1)(A)-(B), (f)(4)(7) and (g)(1)(D)-(E). Commission Staff reported that the application remains deficient and therefore recommended the application be dismissed. The Applicant did not file a response to Staff's final recommendation.

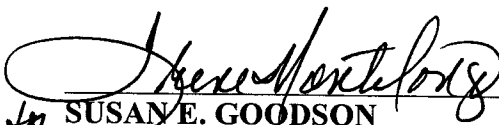

Consistent with Staff's recommendation, Jade Energy, LLC's application to amend its REP Certificate is dismissed without prejudice to the Applicant's right to reapply.
