5. Unless specifically provided for in this Agreement, CenterPoint Energy waives any notice and procedures that might otherwise be authorized or required in this proceeding.
6. Nothing in this Agreement shall limit the Commission Staff's ability to perform its enforcement functions as set forth in PURA and the Commission's rules.
7. A Party's support of the resolution of this docket in accordance with this Agreement may differ from its position or testimony regarding contested issues of law, policy, or fact in other proceedings before the Commission or other forums. Because this is a settlement agreement, a Party is under no obligation to take the same position as set out in this Agreement in other proceedings not referenced in this Agreement whether those dockets present the same or a different set of circumstances. The Parties' agreement to entry of a final order of the Commission consistent with this Agreement should not be regarded as an agreement as to the appropriateness or correctness of any assumptions, methodology, or legal or regulatory principle that may have been employed in reaching this Agreement.
8. The Parties contemplate that this Agreement will be approved pursuant to 16 TAC § 22.246(g)(1)(C). In the event the Commission materially changes the terms of this Agreement, the Parties agree that any Party adversely affected by that material alteration has the right to withdraw from this Agreement, thereby becoming released from its obligations arising hereunder, and to proceed as otherwise permitted by law to exercise all rights available under law. The right to withdraw must be exercised by providing the other Party written notice within 20 calendar days of the date the Commission files the final order acting on this Agreement. Failure to provide such notice within the specified time period shall constitute a waiver of the right to withdraw and acceptance of the material changes to this Agreement made by the Commission.
9. This Agreement is the final and entire agreement between the Parties regarding the alleged violations related to reliability and continuity of service for the year 2014 and supersedes all other communications among the Parties or their representatives regarding its terms.

10. Each person executing this Agreement represents that he or she has been authorized to sign on behalf of the Party represented. Copies of signatures are valid to show execution. If this Agreement is executed in multiple counterparts, each is deemed an original but all of which constitute the same Agreement.

7. CenterPoint Energy violated PURA § 38.005 and the requirements of 16 TAC § 25.52 for reporting year 2014. CenterPoint Energy reported the following "per feeder" violations having a SAIDI value more than 300.0% greater than the system average for two consecutive years:

9. The Agreement is a report of settlement to the Commission as required by 16 TAC § 22.246(g).
10. The requirements for informal disposition pursuant to 16 TAC § 22.35 have been met in this proceeding.
